

NAME: Dhruv

ROLL NO: U24EV057

EXPERIMENT NO. : 1

DATE: 13/08/2026

1. AIM

To design and study the implementation pattern and structures.

2. TOOL

Simulation Tool

3. THEORY

Theoretical background and principles of the experiment.

4. DESIGN PARAMETERS

6. OBSERVATION

The pattern was designed and observed within the specified boundary.

7. CONCLUSION

The experiment was successfully designed and studied.
